
I want to get involved

Registration

Tell us some information about yourself – state which faculty you study at and what area you would like to focus on as a volunteer. Based on the completed information, we will send you the dates for the information session, which you must attend in order to work with a partner organization. You can register [here](#).

Information session

At a joint meeting, we will clarify your schedule options, introduce the partner organizations, and train you in the field of occupational safety. We can also answer any questions you may have.

Volunteering

We will then connect you with the partner organization you will be volunteering for. The specific content of these activities depends on the agreement with the partner organization. We will be available to you the whole time in the event of any sudden changes or problems.

Certificate

If you spend the specified number of hours volunteering, we will provide you with a certificate of completion signed by Charles University and the partner organization. You can then add it as an attachment to your CV.
